Mr. J. McReynolds, formerly of the Bloomington (Ill.) *Panagraph*, has purchased an interest in the *Kansas City Metropolitan*. The *Metropolitan* is one of the handsomest and best papers printed in the west.

The latest foreign news conveys the idea plainly that a rupture between France and England is imminent. A rebellion has broken out in the papal provinces.

The Fort Scott *Democrat* says that nearly every farmer in that vicinity has raised from half an acre to two acres of sorghum the past season, and that in consequence, there will be but small sale for imported molasses this year.

The negro, Green, who killed his master, F. M. Wright, some time since, near St. Joseph, has been found guilty of murder in the first degree and sentenced to be hung next Monday.

It is now confidently asserted, in high official quarters, that John A. Dix will be appointed to fill the vacancy occasioned by the death of John Young Mason, late American Minister at the French Court.

In Bear Valley, California, the people are subscribing freely and liberally for the Broderick Monument Fund. Col. Fremont headed the list with a subscription of \$500.

A railroad is now constructed from Quincy to Palmyra, Mo., and in running order, making an uninterrupted line from St. Joseph to Chicago.

Fain, who was deputy Sheriff under Jones three years ago, and used to dog the Free State men around so much, is now one of the publishers of the *Leavenworth Herald*. L. J. Eastin retires to give him place.

Another Victim.—F. J. Merriam, of Boston, who had some connection with the affair at Harper's Ferry, but who escaped before the taking of the Arsenal, has since died of his wounds. He was hurriedly buried in Pennsylvania by fugitive slaves.

The regular certificate of election, as Delegate to Congress from Jefferson Territory, has been properly made out and given to B. D. Williams, who is now on his way east.

The suspension bridge over the Sevier river at Portsmouth, Ohio, fell on the 14th instant, killing two men.

Two more extensive fires have occurred in New Orleans recently—involving a total loss of \$170,000, and rendering one hundred families homeless.

Emporia, Nov. 26, 1899.

**Editors News:** In the last number of the *American Sentinel* I noticed an article in which it was charged that a new ticket for District Judge and Representatives, under the Wyandott Constitution, had been formed in opposition to the nominations made at Oumwa. The editor seemed to exult over the prospective "split" in the Republican party of this county, and persuaded himself to believe, because some dissatisfaction existed with regard to the Oumwa nominees, that the Republican party had divided against itself. My name having been mentioned in the article above referred to, in connection with the Senatorship on the new ticket, I wish to say that however disappointed the *Sentinel* may be, the charge has no foundation in fact. In conversation yesterday with Dr. Swin, from whom a true Republican does not live, I learned that it was his wish, as it certainly was my own, for the sake of harmony in the party and unanimity of action, to stand by the nominations, and give them an undivided support. Mr. Rankin has, I understand expressed his feeling on this subject in a note already in your hands for publication. With Mr. Mickel and Dr. Tallman I have not conversed, but have no hesitation in saying that the above refutation will be by them heartily endorsed.

C. V. ENDRIDGE.

DOW CREEK, Nov. 24, 1899.

**Editors News:**—It will be seen by your readers that there is a call issued for a county mass convention, for the purpose of discussing the advantages or disadvantages of a Stock Law, etc. Now, if you please, I wish to say just a few words. Of course all the friends of such a law will attend the meeting, and it is very desirable that all who have contrary views should be there. Let not the opponents of the "Stock Law" say, after the meeting, that their side was not fairly represented throughout the county, as very important steps will be taken at that meeting. If there are sufficient objections against the Stock Law, let those who have them be there and urge them. The subject is no indifferent one. It must elicit exciting interest among all classes of our people—farmers, mechanics, merchants, lawyers, doctors and all, as the prosperity of all depends upon the prosperity of the farmer. Very respectfully,

J. M. MILLER.

**Fraud.**

The *Rocky Mountain News*, of Oct. 27, speaks of the attempt to defeat Parrot by a big vote from Pike's Peak. It says:

"For ourselves, we are utterly and unconditionally opposed to this vile scheme, and most sincerely hope that the people of Jefferson will look on it in its true light, and allow the 8th day of November to pass without casting a single vote."

We do not believe this foul scheme will succeed, but enough has already been done to show that the Democracy of Kansas is the same to-day it was four years ago, and that if fraud and swindling will elect Sanders Johnson they mean to use them. We shall soon know whether this last act in the catalogue of villainy has succeeded.

The battle fields of Italy are already purified, it is said, from every vestige of the recent conflicts, and look as smiling as if grim visaged war had not so recently smiled upon them. The official French account of the battle of Solferino made the French loss 15,000 and the Piedmontese 6,000—21,000 in all. But the hospital statistics which show that the loss was more than double the figures of the official reports, and that the French and Sardinians killed and wounded at Solferino were 45,000. There were 5,000 French and 4,000 Sardinians left dead on the field, and of the 34,000 wounded, more than 3,000 died. Is it to be wondered at that Napoleon was ready to make peace after such a sacrifice?

Stevens, the man who is on trial with Old Brown, for being prominently and actively engaged in the late Harper's Ferry insurrection, is spoken of as physically a model man. He is five feet eleven inches high, with fine brawny shoulders, and large sinewy limbs, all the muscles finely developed and hard. He is of dark complexion, and of undoubted resolution. When taken prisoner he did not ask or expect quarter, and lay and suffered from his wounds without complaint other than a groan.

**THE DIFFERENCE.**—The Republican papers all condemn the insurrection at Harper's Ferry. The Democratic papers rejoice in it, for the political capital they expect it to furnish them. Nobody is pleased with Brown's mad attempt but the Democratic leaders.—*Atchison Champion*.

**Odd Fellows.** Emporia Lodge, No. 10, I. O. O. F., meets regularly every Wednesday evening, at 7 o'clock in Masonic Hall. Members of the Order in good standing are cordially invited to visit the Lodge. JOSEPH RICKBAUGH, N. G. C. C. HAMMER, Sec'y.
